

Results To Advertisers
The News covers the Richmond field now completely. Its constituency is the class who do the buying. We claim to be able to prove to advertisers that the News can produce real results for them, and invite investigation to this effect.

Richmond News

To The Readers
The News speaks to its readers and not to advertisers, politicians or anybody else. We bank on the theory that as long as we have a majority of the plain everyday people on our side all other matters in our line of business will take care of itself.

Volume 11. RICHMOND, CALIFORNIA, FRIDAY MORNING, JUNE 27, 1919. Six Pages. NUMBER 177

CLOWN PRINCE FLEES INTO GERMANY

Northcott Case Goes To Jury—Randall Demands Prevention of Willard-Dempsey Prize Fight.

PARIS, June 26.—Frederick William Hohenzollern, the former German crown prince, has escaped from Holland and made his way into Germany.

News of the escape of the ex-crown prince caused a considerable stir in peace conference circles. While it is not felt that he is a figure around which the reactionaries and monarchists would gather enthusiastically, nevertheless his escape is regarded as an event of considerable significance in view of other German recalcitrancy.

WASHINGTON, June 26.—Confidential reports that the former German crown prince and also probably the former emperor would attempt to re-enter Germany after the signing of the peace treaty were received recently by government officials here. This became known today after an Associated Press dispatch telling of the escape of the crown prince had been received.

NORTHCOTT CASE GOES TO THE JURY

REDWOOD CITY, June 26.—The fate of Dr. Ephraim Northcott, alleged slayer of Ince Reed, is in the jury's hands. Judge George Buck read his instructions when court reconvened after the noon recess and the jury retired as soon as he had concluded.

HUNS TO PAY FOR LATEST VANDALISM

PARIS, June 26.—Germany has been notified in a note sent today by the allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for the loss.

The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

When the investigations have been completed, the note states, the allies will exact "the necessary reparation."

LYNCH NEGRO IN ELLISVILLE, MISS.

ELLISVILLE, Miss., June 26.—John Hartfield, negro, confessed assailant of a young white woman, was lynched here late today by a mob.

JACKSON, Miss., June 26.—Governor Bilbo said today he was powerless to interfere with the lynching of John Hartfield, negro assailant of a young woman at Ellisville, who is in jail in that town with a mob threatening to kill him late today.

LITTLE THINKS

The hospital of hearts uses flattery as an anesthetic. And now they'll kick because their drink lacks kick. Soundless feminine talk is at the movies only. Babies give lungful testimony that not all safety pins are safe. The drouth is about to set in. Pass the sarsaparilla. She knows what she wants to show and what you want to see. Don't argue. Politicians' hearts bleed for the people, but never fatally. Tube skirts and rouge have crowded out sackcloth and ashes. There will soon be no more rheumatism in the hair next morning. We'd sooner sell our soul for a woman's smile than for a quart of booze. Because George Washington took a drink is no good reason for our doing the same. He couldn't tell a lie, either, and we can.

COMMUNITY COUNCIL WILL MEET TONIGHT

A very important meeting of the Community Council is to be held in the Lincoln Auditorium this evening, the first meeting to be held in three weeks. The regular meeting, which was to have been held last Friday evening, had to be postponed on account of the commencement exercises in the Lincoln auditorium on that night.

Consideration will be taken on the question of bringing an expert to Richmond to plan a system of parks and playgrounds for the city. That the plan will be decided hit with the council is a foregone conclusion as there has been much agitation in the city in the last few years for improvements along these lines. A report will also be given by the committee on the dance given at East Shore Park recently for the benefit of the council.

FOUR AMERICANS KILLED IN RUSSIA

WASHINGTON, June 26.—One officer and three enlisted men were killed, two men were wounded and one officer and four enlisted men were captured in recent fighting with anti-Kolchak forces in Siberia. The War Department was advised today by Major General Graves, commanding the Siberian expeditionary forces.

All of the men were of the 31st Infantry.

Those killed were: Lieutenant Albert Francis Ward, Corporal Jesse M. Reed and Privates D. F. Craig and Charles L. Flake. Wounded, degree undetermined, were: Corporal George A. Jensen and Private Clarence G. Crall.

BERLIN, June 26.—Hermann Mueller, the foreign minister, Dr. Bell, the colonial minister, it was announced tonight, have been selected as the German envoys to sign the peace terms. They will leave Berlin Friday.

NEW CLASSES AT LOCAL CHURCH

Teachers Appointed For Summer Bible Course To Be Held From June 20 to July 25, To Be Followed By Outing at Muir Woods By Boys And Girls—Children 3 To 14 To Attend.

The summer school class for young folks at the Presbyterian church at Eighteenth and Bissett avenue will open Monday morning, June 30, at 9 o'clock and it is expected that there will be a large attendance of children between the ages of three and fourteen years attending during the four weeks' duration.

The class is open to all children, whether Presbyterian or not, and a big camping party at Muir Woods will mark the close of the course of study. Mrs. Schallman, of Oakland, is superintendent and will be in charge of the boys' classes, while Mrs. Charles Banton will be in charge of the girls and Mrs. W. S. Poage in the kindergarten.

A craft shop will be run for the boys with plenty of tools to work with, while the girls will be instructed along the lines of sewing, basket weaving, and domestic science. Many pleasant hours will be spent in singing and other diversions. No charges are made for scholarships and all are welcome, although the capacity is limited.

There will be four weeks of school, ending on July 25, when the girls will leave for a vacation in Muir Woods, probably for a week's duration, which will be followed by the outing for the boys. This will be a good opportunity for parents to keep their children well employed during the idle summer months and still allow them a month's vacation.

Will Ryan, night makeup and pressman of the News, has just moved his little family of a wife and two kiddies from San Francisco to Richmond. This makes eight new people the News has brought in lately, and when the editor's daughter, son-in-law and their three young hopefuls arrive next week that will be five more. Ahem! If we can't increase this population one way we will another.

County Club For Senator Johnson

Local Republicans and boosters for Senator Hiram Johnson are planning to attend the county rally to be held in Martinez tomorrow, when a county "Johnson for President" club will be organized. Senator W. R. Sharkey has called the meeting and asked a representative delegation from Richmond to attend.

DAILY LOCAL LAFF

Charley Donnelly is so good natured and takes a joke so nobly that we jokingly all pick on him. He has been Rear Admiral of the fleet of yellow gondola street cars around this section as far back as the mind of man extends, and last fall he went and got elected county coroner, to be able to lay out on cold marble slabs in course of time all editors and others who have joked him once too many times.

Last night a News reporter interviewed him about some unknown geek found fatally dead in the bay, washed in from Honolulu, or Berlin, or somewhere, and asked if there was any identification. "Nothing but a corkcrew in one of the pockets," said the coroner, "and that proves that he was an optimist, because anybody that packs a corkcrew nowadays is sure optimistic."

MARTINEZ TO BATHE WHY NOT RICHMOND?

A tentative outline of the plan which will be adopted by the Moose lodge to finance the proposed swimming tank on the waterfront at Martinez, was outlined at a meeting of the organization held on Wednesday evening, says the Gazette.

It is roughly estimated by O. K. Smith, who is preparing plans and specifications for the tank, that the cost will be in the neighborhood of \$10,000. This will include the construction of the tank, bath houses and installation of pumps to bring the water from the bay.

In order to finance the project, a plan similar to the system being used to provide funds for the construction of the proposed Yosemite highway is being suggested. Certificates will be sold for \$25 each, entitling the holder to have free use of the bath house for a period of several years. The sum of \$25 will be paid in five installments, \$5 down and \$5 each month until the amount subscribed has been fully met. In this manner, it is pointed out, with 400 subscribers in the city, the necessary funds for the immediate construction of the tank would be available.

Polson Home After 18 Months Overseas

Corporal George Polson of the Thirty-fifth Engineers, an old Richmond boy, returned yesterday from France after serving eighteen months overseas. He was accompanied by Sgt. James A. McDonough of Danismuir who served with him in France. Polson was formerly employed at Winehaven and went overseas from Richmond. The boys came home on the S. S. General Goethals.

Mrs. Forest Hooper of 533 13th street will entertain the Wesleyan matrons at a tea at her home this afternoon. The matrons and their families and friends will picnic at Kozy Kove on July 10.

MEMBERS OF BAR BANQUET TELEPHONE OPERATORS AT THE RICHMOND CLUB

HOPE REVIVED FOR BIG TERMINAL PROJECT

Hope was revived here yesterday for the ultimate construction of the big new terminal which has long been planned for the frontage from Wharf No. 1 to Point Nicholl, and that the project which will cost in the millions, will finally be secured for this city is the firm belief of those in close touch with harbor matters.

McArthur, Perkins & Co., of New York, have taken action to prevent lapsing of their five-year option on the ninety-nine year lease of the tideland holdings of the John Nicholl Company and the Henshaw-Macdonald interests. All money due has been paid and agreement signed to continue payment of necessary expenses for five years.

John H. Nicholl and the others that have been instrumental in trying to get the famous dock building firm, of which Sir Arthur Perkins is a prominent member, to construct the great terminal planned for this property are elated. They feel that there is now a strong chance that the terminal may be constructed.

The project has been completely endorsed by Engineer Volkmann, representing McArthur, Perkins & Co., and plans have been prepared. The firm expects that the city will complete its harbor project.

Martinez Unions Pay Hello Girls

In keeping with the recent announcement by the Central Labor Council of this city that the local telephone operators will be reimbursed for the loss incurred by them during the strike, the treasurer of the organization, R. B. Phillips, was instructed at the meeting held here on Tuesday evening to draw checks for each operator ranging from \$20 to \$24 for the week which they have been out.

The members of the Central Labor Council which is made up of practically all unions in this section of the county, voted at a meeting last week to reimburse the striking operators and a fund has been made up for this purpose.—Martinez Gazette.

Junior Rifle Club Entertained Thursday

The Junior Winchester Rifle Club had a very enjoyable party at the residence of C. E. Eaton, of 1827 Clinton avenue, on Wednesday evening, June 25. The evening was passed with games, singing and dancing, and much amusement resulted when the lights were switched off by boys who were not members of the club. After refreshments were served all went home voting the Junior Club jolly entertainers.

Twenty-Five Striking Operators Applauded By Party At Richmond Clubhouse

There were fully fifty people present at the elegant banquet given by the members of the Legal Profession of Richmond to the lady telephone operators in the Richmond clubhouse last evening and the affair turned out to be a brilliant success, a dozen ladies of the Richmond club carrying out plans for the banquet and decorating the hall most effectively.

The members of the Richmond bar were represented by a half score of the best of their numbers and were graced with the attendance of a score or more of the striking telephone operators and their friends, and several of the city officials also being in attendance. Miss Lillian Blewer, president of the state organization of telephone operators, was expected to attend but failed to appear.

A more tempting banquet was never presented in the woman's club than that of last night. Places were set for sixty or more guests and a feast featured by delicious chicken, salads, desserts, etc., was spread. From the manner in which the guests took to the repast, a fine compliment was paid the ladies of the club who prepared the supper.

Judge C. S. Hannum acted as toastmaster during the evening, introducing the various personages who addressed those present and making some very appropriate remarks himself. He said:

"We wish to extend our best wishes and sincere hopes that the young lady operators with us this evening will receive due compensation for the services they have fitted themselves to perform. It is necessary for the progress of the world that good wages be paid, poor wages being attended by many evils.

"Poorly paid employees have a depressing effect upon the community, retarding education and development as well as accomplishment. Poor wages effects the youth of the land, the matured men and women and even tottering old age. It helps to fill the almshouses, prisons and asylums, and compels child labor."

Rev. C. E. Irons: "Labor embraces more than the man who handles a pick or works in a factory. Any man is a laborer who sees his duty and does it. I consider that I would dishonor the blood of my father and my nation if I did not side with those struggling for better wages and better working conditions.

"If this fight is won it will be by the people, as public opinion is unanimously behind the telephone girls in this strike. I have yet to find one man who is dissatisfied with the stand the girls are taking. It is a burning shame to allow a corporation to employ girls at such wages as \$5 per week.

"We should do our very best to see that the girls win out. By taking a personal interest in the strike it can be won. A proper ad-

justment must be made, as the girls are asking a very moderate rate. This country ought to be too small for a man like Barleson who would dare to say that girls who have gone out on strike can not go back to work unless the managers agree to take them back. I want to suggest to the girls that they appoint a committee to call on the ministers and ask them to preach next Sunday morning in the churches in favor of the strike of the girls."

Mayor William L. Lane: "There is no question about the girls asking for a fair scale of wages. If anything, they are not asking for a high enough scale. The girls have got to win and we must not forget what they are fighting for and do all we can to aid them in their worthy cause."

Attorney W. S. Robinson: "When the telephone girls formed their union they ceased to be just telephone girls. They are united and in a position to win their fight. A telephone official in San Francisco is quoted as saying that the girls are not expected to live on the wages paid them but should be subsidized by their parents, husbands or by society."

"That is what we are asked to stand. The girls are asking the right to organize, the right to collective bargaining, and a wage scale which they can live on."

Business Agent Fred Hickman: "I never thought I would live long enough to see the members of the bar sit down and express themselves with the common laboring people. An evolution is certainly in progress, but I don't know where it is going to end. The laboring classes are receiving higher and higher wages, but it does not get them anywhere."

City Attorney D. J. Hall: "I am with the girls with all my heart and soul and think the wage scale they are being paid is an outrage. They are entitled to the recognition of their union and a living wage and before this scrap is over the higher wages will listen to the voice of the American people. If all the telephone girls were like these with us tonight and if it was up to me to decide on their demands, they would get anything they would ask for."

Miss Grierson explained the scale of wages being paid at the present time and the scale asked by the union. The girls now get from \$3 per week to \$13.50, the latter after they have been working for seven years for the company. They are asking a minimum of \$2 per day and a maximum of \$4 per day.

Fred Newsome made some very appropriate remarks in behalf of the telephone girls, at the same time branding the telephone corporations as the most miserable employers on the face of the earth in the matter of wages and the conditions under which the girls work.

Attorney H. J. Wildgrube said (Continued on Page 4.)

4 Per Cent Dividends

The regular semi-annual payment of our 4 Percent Annual Dividend will be payable on or after July 1. Bring in your books and have the proper entry made. These dividends will in your books and have the proper draw interest along with the principal. All deposits made on or before July 10 will draw interest from July 1, 1919.

A SPLENDID COMBINATION

The News feels that in making the combination it did a few weeks ago with the San Francisco Bulletin, whereby all the readers of that paper in Richmond get also the Daily News for no extra cost whatever, the Bulletin paying us for our paper so delivered, that it brought about a splendid combination, good alike to the reader and the advertiser.

This gives the reader the best home paper around this bay, by long odds, of a metropolitan character, carrying all the telegraphic dispatches and many fine features no other paper has, in the evening, for reading after supper, with all the news of the day therein. Also the News in the morning at the breakfast table, giving all the local news fresh right off the bat, only a few hours after it happened. The combination is thus a very good one, in that it is both a morning and an evening paper, instead of both being either morning or evening.

As everybody knows, all the important local news happens during the evenings and nights, such as marriages, parties, council proceedings, lodge doings, public meetings, receptions and all that sort of thing, and the News gets that as soon as it is over with and in two or three hours afterward has it all printed and ready for your early morning perusal.

Of all the papers around the bay of a metropolitan character, the Bulletin easily leads. It is essentially a home paper and every member of the family finds departments in it to be much interested in. Some other papers, with their big headlines and flashy colored ink, may beat it on street sales, but when it comes to the home circulation the Bulletin has them all beat largely.

The two papers, one in the morning containing all the local news fresh and the other in the evening with all the world's news, makes an admirable combination, and the cost of 55 cents a month for both is certainly the limit of big service for a very nominal figure.

MORRISON ON IMMIGRATION

That we, as a nation, are responsible for destruction of life and property, Frank Morrison, secretary of the American Federation of Labor, agrees. But his contention is that the country is simply "reaping the result of its immigration policy—or lack of policy—during all these years." As he says:

"For years the trade-union movement has urged the restriction of immigration, but the workers were opposed by steamship companies, the Steel Trust, and other employers of labor who stimulated immigration at the rate of 1,000,000 persons a year.

"Many of these immigrants were herded in large cities or other industrial centers. They were encouraged to use their own language and to perpetuate traditions of their mother country.

"At election time, in innumerable instances, they were voted en bloc, and if they would organize a trade-union or suspend work to stop exploitation, they were enjoined, clubbed, and jailed. This is an old story in West Virginia, Colorado, Pennsylvania, and elsewhere.

"What can Americanism mean to those persons? They do not even understand our language. To them Americanism means a petty boss and low wages. They know nothing of our theory of government.

"Bomb-throwing is always a challenge to organized society, and should be met in that spirit. But the question must be traced back to its root and treated accordingly. Americanism must be more than a shibboleth. It must mean education, opportunity, and social justice for all. We must vitalize our declarations and our beliefs that injustice has no place on American soil.

"In this soil bomb-throwing will wither and die."

THIS BAY REGION

We shall see, this year, a great increase in manufactures, a great increase in transportation facilities, a great

increase in wholesale and retail merchandising, a great increase in building, a great increase in population, in prosperity values and in accumulated capital for the future.

We shall see all the bay cities—Richmond, Vallejo, Berkeley, Alameda—and the suburban towns increasing as Oakland increases, growing with her growth, prosperity side by side with her prosperity. Nothing can be more certain.

It is a wonderful prospect which the mirror of the near future holds up to our eyes. And not the least pleasing reflection is the thought that all this growth and prosperity around us, and all that is to come, the citizens of this good town owe to their own courage, their own activity, their own splendid civic pride. That is the plain truth and the proud truth.

THINKOGRAPHS

Wise Solomon gave up the ghost.

—Not waited for the fight.

He saw would come when all his wives

Would seek for woman's rights.

The poet felt a trifle peeved when he wrote a verse about her as an "Irish-eyed soul-charmer," and the printer set it up "Irish-eyed snake-charmer."

The doctors are not cutting out so many appendix as they were awhile back, but they frequently cut out the auto a fellow has planned to get.

A southern editor says the cotton crop sold for a billion dollars, and wants to know who in blazes got the money. Some scribes are awfully curious.

Large German papers have what they call the paper gets in wrong with the government. The paper gets in wrong with the government. That is about the limit. Being any kind of an editor is bad enough.

A medical professor says tuberculosis germs will die in whiskey but will survive three years in water. Well, what of it? We can do that ourself, and we are no germ.

Don't blow the foam off of charlotte russe at a party. It is not good form, and besides it gives you away.

The women are keeping painfully silent about their political intentions. This, we believe, is the only instance on record where women have kept silent.

A high musical authority says we must hurry and collect American versions of songs or they will be lost forever. Gosh! That's bad. Will somebody please hand in "Annie Rooney," "Two Little Girls in Blue," "After the Ball," and "Down Went McGinty?"

The New York Sun alludes to Champ Clark's "houn' dorg." That's according to where you have been raised. Clark is a Missourian, and all through the south a houn' is a dawg, and not a dorg. You have got to go north of the Ohio river to find dorgs.

An exchange remarks that most troubles can be cured as easily as a morning after headache. Quite true, but, say, man! do you realize that there is only one thing on earth that will cure a morning after headache, and that it takes three hard jolts of that?

Every day there are fellows around explaining to us how easy it is to run in debt for clothing, rugs, jewelry, sewing machines, pianos, encyclopedias and lots of other things, but nobody comes around to explain just how to get out instead of getting in.

We trust the habit started recently in France of killing newspaper editors who criticize office-holders will not spread to and over the United States. That's a mighty bad habit.

If there isn't a hell there ought to be—for corrupt politicians and all who scheme and combine to wrong their fellow men. In fact, it is doubtful if one hell is enough; there ought to be two or three; or else one extra large one with a good many assistant devils.

A. rs. Charlotte Perkins Gilman says mothers are not fit to raise children. Then who is? Chances are CharlotteM P. G. does not know a nursing nipple from a safety pin.

The Republican Senators and Germany both hollered about the peace terms and League of Nations.

The amendments to the League of Nations covenant have stripped the Republican senatorial "round robin" of its tail feathers.

WAY TO AVOID LABOR UNREST

Organization of All Interests Con-
cerned, and Collective Bar-
gaining, Urged.

GRAVE DANGER IN SITUATION

Commission Which Made an Exhaustive
Study of Conditions in Great
Britain and This Country Made
Recommendations of Importance.

Study of industrial conditions in
Great Britain, for guidance in similar
activities in this country, furnished the
subject of a special report made to the
United States department of labor by
an employers' commission which was
sent to England. In general, the com-
missioners are agreed that labor unrest
may best be avoided, in both countries,
by complete organization of all the
interests concerned and by collective
bargaining.

The chief lessons of the inquiry are
that capital and labor should reach
through their associations; that maxi-
mum quality output should be sought;
that wages should insure a decent
standard of living, regardless of fluc-
tuations in the price of commodities;
that fair provision should be made by
law to minimize the risks of unemploy-
ment, ill health or age, and that gov-
ernment concern in industry should be
limited to the protection of society.

Labor demands for a "voice in man-
agement" and "housing" have different
definition in the two countries, and
thus are not commonly applicable.

Secretary Wilson appointed the
American commissioners at the in-
stance of Roger W. Babson, director
general of the information and educa-
tion service of the department. They
were: E. T. Gundlach, who is con-
nected with advertising, publishing and
industrial interests in Chicago; R. J.
Caldwell, president and owner of cot-
ton mills in Connecticut; Dorr E. Felt,
manufacturer of adding machines and
president of the Illinois Manufacturers'
association; Eldon B. Keith, shoe
manufacturer of Brockton, Mass., who
died while on the mission; William H.
Ingersoll, watch manufacturer; and
R. R. Otis, builder, of Atlanta. Dr.
Royal Meeker, economic adviser of the
department, and B. M. Squires, chair-
man of the board of arbitration of the
shipping board, statisticians, accom-
panied the commission, as did several
others in secretarial and fiscal capac-
ities.

"I note," Mr. Babson wrote in sub-
mitting the report, "that British em-
ployers who formerly shared the views
still held by many American business
men are now to a surprising degree
united in the belief that disorganiza-
tion of the employed spells disorder
and all its attendant dangers. This
view is quite in line with the insistent
messages of the department, that by
"collective bargaining" labor unrest is
allayed.

"One vital fact stands forth in this
report: That according to the view of
British business men, the process of
change in industry, whatever it may
be, if it is to be an orderly change,
must be effected through organiza-
tions of employers and of employees."

Say Labor Must Accept Cut.
Initiation of a nation-wide move-
ment to "restore sanity and common
sense" in the relations of labor and
industry was urged upon the National
Association of Manufacturers in a re-
port of the committee on industrial
betterment, health and safety, read
at the opening session of the associa-
tion's twenty-fourth annual meeting
at New York. Pointing to the heavy
burdens of taxation and increased
costs of freight, communication and
other industrial essentials, the com-
mittee declared that labor must be
brought to realize "that the United
States will never retain world supremacy
by six hours of labor five days a
week."

Profit-Sharing Unsatisfactory.
Several of the plants which discon-
tinued profit sharing report that the
men preferred increased wages to a
dividend; they wanted the extra money
in their weekly envelope. The Chat-
field Milling and Grain company of
Bay City, Mich., in 1906 put in a plan
by which employees were given a share
in the net profits after expenses and
5 per cent on the capital had been
paid. It writes that it discontinued
the plan except in its office and sales
force because "the laboring, operating,
and delivery departments preferred
flat salaries." In this company's plan
the profit distributions were made
among the employees according to sal-
ary, but not length of service.

Women Floorwalkers Liked.
The woman floorwalker has come to
stay. She has crowded out the male
"perambulator" in three of the largest
department stores of New York and
managers and customers alike indorse
the change. At Wanamaker's, Macy's
and Gimbel's the innovation has be-
come a fixture.

It is asserted the woman floorwalker
uses more tact, is more thoroughly
"posted" as to the locations of the
many departments and enters into her
duties with deeper zest than men.

As for the woman floorwalker her-
self, one declared: "I wouldn't swap
it for any other position in the store."

us every day. A. COSTA, Prop.

DAYS OF ATHENS' GREATNESS

Emperor Hadrian Did Much Toward
Making the City Religious Center
for All Hellas.

It was during Hadrian's first visit
to Athens (about 124 A. D.) that he
made plans for rebuilding the majestic
temple of Olympian Zeus. He added
significantly to the adornment of Athens
with many temples and other build-
ings; he built an aqueduct to bring
the water of Cephissus to the city,
and at Corinth he constructed aqued-
ucts to bring to that city the water
from Lake Stymphalus. Sparta was
then the most important city in the
Peloponnese, and the visit of Had-
rian there is established by an in-
scription. He was absent from Rome
three years at this time, returning
by way of Sicily, where he made the
ascent of Mount Etna to witness a sun-
rise. Gregorovius believes he has evi-
dence that proves Hadrian to have
been in Athens again in the year 132
A. D., and he assumes that the great
temple of Olympian Zeus was then
completed and dedicated. Not for
centuries had Athens known any such
magnificent festival as that of the ded-
ication of this Olympion. It was
made a national festival, with rep-
resentatives from every city in Greece,
as the Olympian Zeus was the new
religious center for all Hellas. The
dedicatory address was delivered by
Polemon of Smyrna, who was the most
celebrated Sophist of his day. From
"Athens, the Violet-Crowned," by Li-
lian Whiting.

Gold Leaf on Wood.

The following method is given for
applying gold leaf on wood: The sur-
face must first be carefully cleaned
and prepared, and when quite dry
treated with the appropriate gold-size,
which is laid on with a very soft hog-
hair brush or camel's-hair pencil; sev-
eral coatings are applied, each being
dry before the application of the
other, and finally smoothed down. To
this surface the gold leaf, cut into
suitable sizes, is taken up by the tip
of a special brush and laid on, being
pressed down by a dry camel's-hair
brush, and so on piece after piece un-
til the whole surface is covered. Fi-
nally, when dry, certain parts of the
gilded frame are burnished with a
flint or agate burnisher specially made
for the purpose. The whole operation
requires a certain amount of experi-
ence to obtain satisfactory results.

New Coal Mining Record.

Eastern Ohio strengthened its hold
on the Ohio coal producing cham-
pionship during 1918, according to figures
announced by the Ohio industrial com-
mission at Columbus. More than 90
per cent of the 47,849,298 tons mined
were produced in the eastern half of
the state.

The previous high mark for coal
production was in 1916 when the state
produced 41,000,000 tons. Demands of
the war led to the increase, despite
the shortage of labor and cars.

Never Lose Hope.

Hope is something to be busy with.
It is something of which we should ac-
cumulate a store. Always have plenty
of hopes, and have them so that they
will reach out and last away into the
years of the future.

There is really something mysterious
about a hope. If you will cherish it,
faithfully and keep it warm in your
heart, you will be almost sure to some
time realize it. It is said that we are
what we believe ourselves to be. But,
perhaps, we might better say that we
are what our hopes are.

A new wharf costing \$4,000 is be-
ing built by the government near the
Twin brothers Lighthouse oppo-
site Point San Pablo and will be
used as a landing place for the
keeper and supply base. It will be
about 25 by 50 feet.

We could not get to the bar ban-
quet last night, but a reporter took
it in. We should have liked much
to attend, as Judge Hannum as-
sured us in advance that he would
not make a speech if we would come.
That is a big inducement, but busi-
ness interfered. We hear it was a
grand success, as it well deserved
to be.

Wants to Help Others

Mrs. V. N. Bickford, 721
Sixth Street, Richmond, Cal.,
writes Dr. Sing that in appre-
ciation for her restored health
and in hopes of helping "some
other sufferer to health" she
is writing a testimonial from
which the following is quoted:
"After consulting several doctors
my case was called incurable unless
I submitted to an operation. I was
very weak and wasted away to a
shadow, with temperature every day
"Was operated upon and found
temporary relief for about six
months, when I developed a severe
case of bladder trouble with pains
in the back just below the shoulder
blades.

"I also had terrible headaches
and vomiting spells until I raised
clots of blood. The doctors then di-
agnosed my case as ulcers of the
stomach.

"I moved to Richmond about a
year ago, because much worse, could
not eat without terrible agony and
could not sleep, vomited more often
with burning in throat and lungs
and had a temperature of 101 and
102 degrees every day. . . .
"I had an X-ray plate made
which showed spots on the lungs
and my case was called tubercu-
lar. . . .
"My attention was called to the
Chinese Herb remedies by a friend.
Today, after two months and a half
of treatment with you, I have no
aches or pains, vomiting and head-
aches are entirely gone and I can
rest happy in the knowledge that
tuberculosis has no terror for
me. . . . I can gladly recommend
Dr. Sing to anyone needing help."

June 26—Welcome home to sol-
diers and sailors by Woodmen of
the World in W. O. W. hall.

Gier-Woolslayer Wedding Tuesday

A pretty wedding was performed
at the St. John's Episcopal church
here Tuesday when Miss Elizabeth
Woolslayer became the bride of
Herman Gier of Portland, Oregon.
Miss Viva Miller was bride's maid
and Lawrence Woolslayer best man.
They left on a honeymoon trip to
Pacific Grove, after which they will
spend a short time in Richmond be-
fore taking up their residence in
Portland, where the groom is a
pharmacist.

Welcome Home By Moose Lodge

The local Moose lodge is complet-
ing plans for a monster welcome-
home meeting for the returned sol-
diers and sailors to be held in their
hall here at an early date. Joe
Gardell has been appointed master
of ceremonies for the event and has
appointed an able committee to as-
sist him in preparing for the oc-
casion to which all members of the
Moose and their friends will be in-
vited to attend.

At the request of the publicity
committee we are running a page
ad. for the state good roads bond
election, which takes place July 1st.
Personally we are not overly strong
for it, but will be satisfied with
whatever the people decide. It will
probably carry. The county good
roads bond election, later on in the
month, is a different matter, and we
believe it should carry, for the best
interests of all parties concerned.

The new buildings going up in
Tapecott Park, the "Piedmont of
Richmond," are now assuming shape
and look fine. That section is build-
ing up now and finally coming into
its own. There is no more beautiful
section for a home than Tapecott
Park, and the company is building
homes on the easy installment plan,
almost like rent. Five new ones are
about completed.

Local Laconics of Richmondites

The Presbyterian Sunday School picnic will be held at East Shore Park tomorrow with promises of a very good attendance. All the Sunday School pupils and their friends are invited to attend.

Mrs. Shluddecker, Mrs. Conrad, Mrs. Burke, Mrs. Hawkins, Mrs. Smedley and Mrs. Manwaring won the prizes at the whist party given on Wednesday afternoon by the ladies of St. Mark's church.

T. G. Conn, the local real estate dealer, left yesterday for Lake Tahoe, where he will spend a vacation of two weeks.

John L. Parker, the photographer at 1426 Macdonald avenue, has announced that he will retire from business on July 1 and will take a long rest before again entering into business.

Mrs. Cannon, of 210 First street, left yesterday for the mountains in the vicinity of Lake Tahoe, where she will enjoy a two months' vacation.

NOTICE OF PROBATE OF WILL

In the Superior Court of the County of Contra Costa, State of California.

NOTICE IS HEREBY GIVEN, that Monday, the 17th day of July A. D. 1919, at 10 o'clock A. M., of said day, and the Court Room of Department No. One of said Superior Court, at the Court House in the Town of Martinez, County of Contra Costa, have been appointed as the time and place for proving Will of said John Henry Price deceased, and for hearing the application of Maria Conklin for the issuance to her of Letters of Administration with the will annexed.

(Endorsed) Dated, Martinez, June 23, 1919.

Local Redmen Visited At Pinole

Ed. Engles, Clare Fulkerson, Fred Gebhart and Emmett Gainford of the entertainment committee of the Redmen paid the Pinole lodge an official meeting of Wednesday night to issue to them an invitation to attend the celebration of an Indian wedding to be held at the local order next Tuesday. The boys enjoyed a smoker and refreshments at the Pinole lodge.

All Night Dance At San Pablo

One of the best dances of the season will be held in the Maple hall at San Pablo tomorrow night when the Kewpie Dolls will hold an all-night affair to which the public is invited. Jack Crow's jazz orchestra will add a lot of pep to the party and those in attendance will dance until the church bells ring in the morning. Admission is one simoleon, and ten cents war tax, ladies being free. Tickets are on sale at The Office.

Members Of Bar Banquet Operators

(Continued from Page 1.)
that he was very much opposed to any act of violence on the part of strikers and for that reason he had to compliment the local telephone girls as they have been conducting their strike here in a magnificent manner.

Judge John Roth panned the corporations in the strongest terms over their combinations formed to raise the cost of living at any time they desire in order to pay them back with interest for the money paid out by them in wage increases. The corporations have found ways in which to present their books so that the Sherman anti-trust law is little more than a scrap of paper.

Judge C. A. Odell spoke of the day when there were only a half dozen telephones in this part of the county and how he has watched the system grow until there are over 2000 phones in Richmond, and in all that time, he said, he could not remember when he ever spoke a cross word to a telephone operator.

Mrs. Marie Ogborn, past president of the Richmond Club, spoke some very kind words in behalf of the operators and the meeting was brought to a close with a vote of thanks for the ladies of the club who prepared the banquet for the party.

The Woodmen took a recess night before last at their lodge meeting to condemn the telephone company in as many languages as the various members spoke, which was a good many, as it was a big meeting.

NOTICE TO BIDDERS

Sealed bids will be received by the City of Richmond, at his office in the City Hall of the City of Richmond, until Monday, July 1, 1919, up to the hour of 3:00 o'clock P. M. of said day, at which time and place all bids will be publicly opened and read, for raising existing sea wall at Municipal Wharf No. 1, Richmond, California, as described in the plans and specifications for said work on file in the office of the Clerk of the City of Richmond.

All bids must be submitted upon the proposal sheets furnished with the plans and specifications, which may be obtained at the office of the said Clerk.
A deposit of Five (5) Dollars will be required for each set of plans and specifications, which deposit will be refunded upon the return of the plans and specifications in good order. No unbalanced bids will be accepted.

Each bid shall be accompanied by a certified check, payable to the Clerk of the City of Richmond, for an amount which shall not be less than ten (10) per cent. of the aggregate of said bid.
The Council hereby reserves the right to reject any or all bids.
A. C. FARIS,
Clerk of the City of Richmond.

FIGHT WILL SCAR NATION'S BIRTHDAY

WASHINGTON, June 26.—A resolution requesting the governor of Ohio to prevent "the threatened desecration of the nation's birthday" by a prize fight between Willard and Dempsey at Toledo July 4 was introduced today by Representative Randall, prohibitionist, of California.

"One of the participants in this proposed fight," Randall said, "engaged in a similar fight a few years ago with Jack Johnson, a fugitive from justice, who has confessed that he was bought off and threw the fight to his adversary."

"Why should a fight between bruiser slackers, who were not brave enough to join the war against German murderers, be permitted in this country?"

Constance Talmadge At T. & D. Theatre

Romance, romance—theme of the poet's song, dream of young lives, sweetest memory of old age—romance, that sings in the green wood and is wafted upon the airs of Spring—romance, in short, that is one of the most delectable things in life is the motif of Constance Talmadge's new Select Picture, "Romance and Arabella," in which she is presented by Lewis J. Selznick. "Romance and Arabella," from a comedy of the stage by William Hurlbut, will be seen at the Richmond theatre today.

Constance Talmadge has been called the girl of a thousand expressions because she possesses the ability to alter her expression and manner with such remarkable ease and adeptness. She is probably the most vivacious actress of the screen, with that effervescent, bubbling youth that is irresistible and irrepresible. In her various Select

pictures she has displayed an originality of style and a charm that is as indefinable as it is apparent. There is no doubt but that in "Romance and Arabella" she has achieved a masterpiece of characteristic and realistic acting. The picture is a comedy of the highest type and is perfectly suited to the beautiful young star.

Harrison Ford is again seen opposite her and Walter Edwards directed the picture.

KLAMATH HOT SPRINGS

First-class rainbow trout fishing; good hunting; on highway to Crater Lake. Write for booklet. W. C. BROWN, Mgr., Beswick, Siskiyou County, Cal.

The local order of Redmen is planning a monster initiation event for July 15, when no less than twenty-five candidates will be taken into the order. Nearly that many have signed already and the members of the committee on new memberships are working for more.

Oakland Stages To Begin Soon

The Richmond Oakland stage line has been granted its final permit for operation of its auto stages through Berkeley and the company has now secured the final franchises from all the cities in which it will operate. The twelve passenger buses will probably be ready for service by the middle of July, operating between Point Richmond and Eleventh and Washington streets, Oakland.

Mr. and Mrs. Curtis Patterson, who were married in Oakland on June 7, were guests of honor at a reception and banquet given by Mr. and Mrs. Paul Dunlap and Mr. and Mrs. J. K. Adair at the Dunlap home at 37 Terrace avenue last week. Forty-three relatives and friends were present to help entertain the newlyweds and a delightful time was had.
